Career Objective

Licensed Registered Nurse (No-75875) excited to apply my comprehensive nursing education and hands-on experience on Renal Nursing to a full-time position in a reputed Hospital. A strong work ethic and empathetic touch have made me a valuable advocate for patients and their families.

Career history

(1) Prince hospital & diagnostic center, Khulna

Sr. Staff Nurse: October'24 – Present.

Key Responsibilities:

- Provide wound care, including dressing changes and infection prevention
- Educate patients and families about health conditions, treatment plans, and post-discharge care
- Assist with daily living activities i.e. hygiene, mobility and nutrition as need
- Collaborate with multidisciplinary teams, including physicians, therapists, and social workers, to develop and implement patient care plans.
- Maintain detailed nursing notes and reports for patient handovers.
- Report patient status and concerns to healthcare providers promptly.
- Provide specialized care in areas like ICU, NICU, oncology, pediatrics, or surgical wards.
- Perform advanced procedures such as starting IV lines, catheterization.
- Coordinate patient admissions, transfers, and discharges.

(2) Khulna Health Care Hospital Pvt. Ltd

Sr. Staff Nurse: March'23 – September'23.

Key Responsibilities:

- Monitoring and administering medication and intravenous infusions, taking patient samples, pulses, temperatures and blood pressures, writing records, organizing workloads.
- Provide high standard of patient care, emergency & critical patient management.
- Provide counseling and health care education to patients.
- Attending to the patient's overall needs, medication intake, and comfort.
