## CAREER OBJECTIVE

Motivated Computer Science & Engineering student seeking an entry-level opportunity to apply technical knowledge, problem-solving abilities, and project experience in a professional environment. Eager to contribute to organizational growth through continuous learning, teamwork, and practical implementation of technology-driven solutions.

## CORE SKILLS

- Problem Solving
- Team Collaboration
- Project Coordination
- MS Word
- MS Excel
- Basic Computer Operations

## LANGUAGES

- Bangla – Native
- English – Proficient

## ATTRIBUTES

- Motivated and committed to responsibilities
- Target-oriented mindset
- Quick learning ability
- Adaptable and team-focused

## EDUCATIONAL QUALIFICATIONS

### Bachelor of Science (B.Sc.) in Computer Science & Engineering (CSE)

East Delta University

CGPA: 2.03 / 4.00 | 2026

### Higher Secondary Certificate (HSC)

Chattogram Biggan College

Board: Chattogram

Group: Science | GPA: 2.42 / 5.00 | 2019

### Secondary School Certificate (SSC)

Railway Government High School

Board: Chattogram

Group: Science | GPA: 4.44 / 5.00 | 2016

## ACADEMIC PROJECTS

### Object Detection Using YOLOv11: A Deep Learning Approach

- Worked on object detection concepts using deep learning techniques
- Assisted in data handling and project implementation
- Developed understanding of AI-based image processing systems

### Pharmacy Management System

- Developed a web-based pharmacy management system with team members
- Used HTML and CSS for frontend design
- Implemented backend functionalities using PHP

### Water Level Detector System

- Developed an embedded system project with website integration
- Assisted in hardware connectivity and monitoring functionality
- Worked on measuring and displaying water level data

### Cloud-Based Voice Service (“Alaxsa”)

- Developed a simple voice service application using Python
- Worked collaboratively on programming and functionality testing
- Gained practical exposure to Python-based application development
